Tarifa Double Elimination finished

So that was it, not much changed in the top ranks when the double finished...

The last heats of the double where the first today on the water when the promised levante started. Kein Mevissen (RRD) defended his place and so did Normen Günzlein (JP/NP) he stayed on top of the ladder!!!

After a 30min break the next single was started and the game began again. The wind was getting pretty strong in some moments and so the riders where struggling to take the right sail, as the conditions changed so often it was hard not to take the wrong size on the water. A lot of them got overpowered and had a hard time to compete.

Unfortunately the forecast was not right and the wind dropped completely during the race... But before this happened the people on the beach could again see amazing heats. The riders were on fire and wanted to prove the crowds that they are Europe's finest!!!

Plan for tomorrow is to meet at the skippers at 10 and check the wind. If conditions are right we're going to finish the single.

Tonight the whole family is invited to the Café del Mar in Tarifa for a little come together so if the wind will be not so good the race director might be the only one at the skippers meeting tomorrow...
